CHC30121 Certificate III in Early Childhood Education and Care

Classroom based course

Classes run two days per week in a classroom with student's being taught by a trainer who guides and supports them through all aspects of the course. The trainer assists students with course content, assignments and general course work. Students are also able to gain individual help from their trainer. Students must maintain 80% attendance and keep up with successfully submitting assessments, or they can be withdrawn.

Practical Placement

Practical Placement allows students to complete work experience in a real life workplace. It gives students the opportunity to gain skills and put classroom knowledge into practice.

NIET has a range of places where students can undertake Practical Placement and gain valuable skills and connections. Students generally complete one day of placement during the course. Students are required to successfully complete the practical placement component of the course to gain the qualification.

For learners working in the industry, working hours may be used for practical placement with the approval of the employer.

Assessment methods

A range of assessment methods are used including:

- Written assignments
- Projects
- Case studies and scenarios
- Workplace portfolios
- Presentations
- Practical Placement logbook
- Practical Placement observations by NIET

Education and support services

Students are provided with a range of support services depending on their individual needs. All students have access to their trainer, who has extensive experience and expertise in the course content and industry. For further information regarding education and support services please contact us, as we are always happy to help.
