Nepean Industry Edge Training

WE ARE THE TRAINING EXPERTS!

CHC43115 Certificate IV in Disability
FLEXIBLE DELIVERY

Enrolling in the CHC43115 Certificate IV in Disability qualification is a great way to start, if you want to establish yourself as a valuable employee in the community care sector. This qualification gives you invaluable skills for helping people with disabilities, as the course teaches you how to provide individualised support to disabled persons, how to manage legal and ethical compliance and how to provide person cantered care.

This qualification is highly regarded in the community care sector, as it emphasises patient care and well-being. Included is hands-on experience with qualified industry professionals who will prepare you for roles in both the community and home environments.

NIET is a highly reputable and established organisation that focuses on delivering quality training to its students. We provide a warm and welcoming environment where all our trainers are caring and dynamic with extensive industry experience. Through a fun and supportive learning environment, you will develop the confidence and ability to become a highly valued staff member.

*Government funding available   *   Can be completed as a traineeship*

Course topics include:

- Providing individualised support
- Working and communicating with diverse people
- Recognising healthy body systems
- Empowering people with a disability

How does Flexible Learning work?

Flexible Learning is a combination of learning methods that gives you the freedom to learn from any location, using printed learning materials and accessing a pre-recorded webinar for each subject. Learning is completed through reading materials, such a textbook, and your assessment can be handwritten or typed up, depending on what suits you. There is also a class you attend in person, to learn the hands-on practical skills that are required. This class is usually held on a weekend, in a central location.

We support you to successfully pass, by assisting you to complete the following for every subject, which takes around four hours per week:

- Read a chapter from the textbook
- Watch the pre-recorded webinar
- Read the PowerPoint slides from the webinar
- Complete the assessment in handwriting, or by typing up the answers
- Contact your teacher if you have any questions
- Submit the assessment by the due date for each subject.

Your teacher guides you through all aspects, such as course content, assessments and general course work. Your teacher will also conduct a class, where you attend in person, to complete practical tasks. Students are enrolled in blocks, so that they are not overwhelmed by being enrolled in the full course all at once. Each block has a completion date, however you can complete earlier, but not later. You must keep up with successfully submitting assessments on-time, or you may need to pay $500 to re-enrol and have new dates allocated to your subjects.

Practical Placement

Practical Placement allows students to complete work experience in a real-life workplace. It gives students the opportunity to gain skills and put the knowledge learnt into practice. Students are required to successfully complete the Practical Placement component for the course. If you are already working in the industry, working hours maybe used for Practical Placement.

Assessment Methods

We use a range of assessment methods including:

- Written assessments
- Projects
- Case studies
- Scenarios
- Workplace tasks
- Practical Placement

Education and Support Services

Students are provided with a range of support services depending on their individual needs. All students have access to their trainer, who has extensive experience and expertise in the course content and industry. For further information regarding education and support services please give us a call, as we are always happy to assist.

CHC43115 Certificate IV in Disability
FLEXIBLE DELIVERY

ENROLMENT PROCESS

Industry Requirements

It is highly recommended that you be fully COVID vaccinated, to work in the disability industry and to undertake placement, however it is not mandatory. You require a current flu vaccination and full COVID vaccination to work in the Age Care industry, and to undertake practical placement. You will also need a current clear Police, NDIS screening check and Working with Children's Check by the start of the first class. We can assist you with applying.

Pre-Training Review

Prospective students are booked in for a pre-training review with a NIET staff member, to answer any questions about the course and to ensure the course is suitable for their skill level and career expectations. During the review the following topics are covered:

- Course suitability and likely opportunities
- Existing educational qualifications job and any adjustments that may apply
- Identify any support requirements
- Support for equity and disadvantaged
- Course and study requirements
- Assessment of Literacy, Language and Numeracy level for the qualification

Contact us today on 9770 1633 or info@niet.com.au

Language, Literacy and Numeracy (LLN)

As part of the pre-training review prospective students take part in a Language, Literacy and Numeracy assessment that allows students to into a course that is at the correct level for them.

Recognition of Prior Learning (RPL) and Credit Transfer

RPL is Recognition of Prior Learning and may allow some students to have prior experience assessed. Credit Transfers are available to students who have previously completed units. For further information regarding Recognition of Prior Learning and Credit Transfers please contact NIET on 9770 1633.

Please refer to our Student Handbook which is available at www.niet.com.au. It includes details on other topics including Complaints and Appeals, support services, refunds, etc.

Under 18 supervision requirements

If under the age of 18, a parent/guardian signature will be required for enrolment and throughout the course. Please note educators who are under 18 years of age are to be supervised at all times by an educator who is over the age of 18.

You can play a fundamental role in caring for disabled members of the community. Get qualified now!

To start your enrolment, please contact NIET, as are always happy to help!
