

Nepean Industry Edge Training

WE ARE THE TRAINING EXPERTS!

HLTAID011 Provide first aid

Includes

HLTAID009 Provide cardiopulmonary resuscitation (CPR)

This workshop provides you with skills and knowledge to provide first aid response, life support, and management of casualties until the arrival of other assistance. These two units can be completed individually in half a day each, or you can combine them together into a one-day workshop.

We provide a warm and welcoming environment, and all our trainers are caring and dynamic with extensive industry experience. NIET is a highly reputable and established organisation that focuses on delivering quality training to its students. Through a fun, flexible and supportive learning environment, you will develop the confidence you need.

All participants are sent an e-book and set of questions that must be completed before attending the workshop. For the assessment, participants must work on the floor and kneel to demonstrate the required tasks.

Over the day you will learn about:

- Infection control
- DRS ABCD
- Management of unconscious patients
- Resuscitation and defibrillation
- Wounds and bleeding
- Spinal injuries, sprains, and breaks
- Bites and stings
