

Nepean Industry Edge Training

WE ARE THE TRAINING EXPERTS!

CHC50121 Diploma of Early Childhood Education and Care FLEXIBLE DELIVERY

Are you ready to make a positive and meaningful impact upon children's lives? If so, you can further your career in the early childhood industry by completing the diploma qualification. This qualification allows you to gain a higher level of knowledge and skills, and work in a wide range of early childhood settings.

NIET is a highly reputable and established organisation that focuses on delivering quality training to its students. We provide a warm and welcoming environment where all our trainers are caring and dynamic with extensive industry experience. Through a fun, flexible and supportive learning environment, you will develop the confidence and ability to become a highly valued staff member.

We provide support to students with one-on-one study sessions, assisting with practical placement, resume writing and finding employment.

Government funding available * Can be completed as a traineeship

Course topics include:

- Nurturing children's creativity
- Safe and healthy environments for children
- Positive interactions with children
- Promoting diversity

FLEXIBLE DELIVERY

How does Flexible Delivery work?

Flexible Delivery is a combination of learning methods that gives you the freedom to learn from any location, using printed learning materials and accessing a pre-recorded webinar for each subject. Learning is completed through reading materials, such as Learner Guide, and your assessment can be handwritten or typed up, depending on what suits you. There is also a class you need to attend in person, to learn the hands-on practical skills that are required. This class is offered at night and on weekends.

We support you to successfully complete, by assisting you with the following for every subject, which takes around seven hours per week:

- Read the Lerner Guide
- Watch the pre-recorded webinar
- Read the PowerPoint slides from the webinar
- Complete the assessment in handwriting, or by typing up the answers
- Contact your teacher if you have any questions
- Submit the assessment by the due date for each subject.

Your teacher guides you through all aspects, such as course content, assessments and general course work. Your teacher will also conduct a class, where you attend in person, to complete practical tasks. You must keep up with successfully submitting assessments on-time, or you may need to pay \$500 to re-enrol and have new dates allocated to your subjects.

Practical Placement

Practical Placement allows students to complete work experience in a real-life workplace. It gives students the opportunity to gain skills and put the knowledge learnt into practice. Students are required to successfully complete the Practical Placement component for the course. If you are already working in the industry, working hours maybe used for Practical Placement.

Assessment Methods

We use a range of assessment methods including:

- Written assessments
- Projects
- Case studies and scenarios
- Workplace portfolios
- Practical Placement logbook
- Practical Placement observation by NIET assessor

Education and Support Services

Students are provided with a range of support services depending on their individual needs. All students have access to their trainer, who has extensive experience and expertise in the course content and industry. For further information regarding education and support services please give us a call, as we are always happy to assist.

ENROLMENT PROCESS

Industry Requirements

You must have completed a Certificate III in Early Childhood before enrolling for the diploma course. It is highly recommended that you be fully COVID vaccinated, to work in the industry and to undertake placement, however it is not mandatory. You will also need a current clear Police Check and Working with Children's Check by the start of the first class. Should you need assistance, we are here to help you.

Pre-Training Review

Prospective students are booked in for a pre-training review with a NIET staff member, to answer any questions about the course and to ensure the course is suitable for their skill level and career expectations. During the review the following topics are covered:

- Course suitability and likely job opportunities
- Existing educational qualifications and any adjustments that may apply
- Identify any support requirements for the student
- Support for equity and disadvantaged
- Course and study requirements
- Assessment of Literacy, Language and Numeracy level for the qualification

Contact us today
on 9770 1633 or
info@niet.com.au

Language, Literacy and Numeracy (LLN) and Digital Literacy

As part of the pre-training review prospective students take part in a Language, Literacy and Numeracy Assessment, as well as a Digital Literacy form that allows students to be directed to a course that is at the correct level for them.

Recognition of Prior Learning (RPL) and Credit Transfer

RPL is Recognition of Prior Learning and may allow some students to have prior experience assessed. Credit Transfers are available to students who have previously completed units. For further information regarding Recognition of Prior Learning and Credit Transfers please contact NIET on 9770 1633.

Please refer to our Student Handbook which is available at www.niet.com.au. It includes details on other topics including Complaints and Appeals, support services, refunds, etc.

Under 18 supervision requirements

If under the age of 18, a parent/guardian signature will be required for enrolment and throughout the course. Please note educators who are under 18 years of age are to be supervised at all times by an educator who is over the age of 18.

You can play a fundamental role in setting up a child's life for success. Get qualified now!
